

# The Evolution of Pipe Inspection

Inuktun technology lets you... see it for yourself.

Able to operate in confined spaces within hazardous environments, submerged or on land, our modular Minitrac and Microtrac crawler units allow you precise control and maneuverability in even the most inaccessible pipes and ductwork. Available in brass, stainless steel or aluminum construction, our precision machined units can be adapted to upgrade your existing inspection vehicle or built into a complete system tailored to the specific needs of your industry.

## Microtrac

### Operating Environment

Temp 0-50°C (32-122°F)

Voltage 24VDC

Current 2A@24VDC (max load)

Depth Rating 0-30m/0-100ft

### Transporter Units

Speed 0 to 9 m/0 to 30 ft per minute

Pull Rating 6.5kg/15lbs per track

Payload Capacity 10.8kg/24lbs per track

Dimensions 6cm (H) X 5cm (W) X 17cm (L) / 2.25" (H) X 2" (W) X 7" (L)

Weight (ea) Aluminium - 1.4kg/3lbs Brass - 2kg/5lbs Stainless Steel - 2kg/5lbs
